

Coin-operated Amusement Business – Exceptional CA\$H Flow

Established for over 50 years, this business has an excellent reputation for service and equipment. This is the first time it has been offered for public sale.

Currently operating mostly in southern Queensland, this business allows you to live anywhere you like. It can be home-based, no need for a special premises.

Supplying, installing and maintaining all manner of entertainment equipment to pubs, clubs and other venues on a profit share/rental basis. This includes jukeboxes, pool tables and various amusement machines.

Currently run by one person. Ideally, it is a couple/family business. No technical expertise is needed, anyone can do it. Some training or ongoing technical assistance may be available if required.

This business supports an unbelievable lifestyle of freedom and financial security, working approximately 2-3 days per week. (Some weeks there is little to do, other weeks require 4-5 days work) Machines earn you the money everyday – you are not tied to a 9 to 5 job. Money is made while you are on holidays or even asleep.

Further expansion is always possible as there are no “Territory” boundaries. With drive and enthusiasm, a new owner could expand the business to whatever income level they desire.

A regretful sale, as the owner has increased family and other business commitments that need attention. This is our first business and it put us on the path to financial success.

The current owner is willing to let this business go to people who want to take control of their earning potential and reap the rewards.

Return On Investment in the order of 25 – 33%+.

With approximately \$500k in machinery, a realistic sale price of \$650k is being sought.

There is also an option to purchase a separate Brisbane-based amusement run (approx. \$300k).

This business opportunity is well suited to any person looking to emigrate to Australia – visit outback Queensland while you earn an income.
